Born on August 8, 2001, Muhammad Atqa Adzkia Zaldi, S.T., M.Kom., earned his Bachelor of Engineering (S.T.) degree from the Department of Electrical Engineering at Universitas Sumatera Utara (USU), and subsequently pursued a Master of Computer Science (M.Kom.) at the Department of Data Science and Artificial Intelligence at the same university. His academic interests lie at the intersection of electrical engineering and device-level data integration, with a focus on data processing workflows in DSAI that encompass acquisition, preprocessing, modeling, and evaluation within integrated system environments.
