Childcare facilities for staff and faculty

Lactation Room on Faculty of Public Health USU

FKM USU offers a **lactation room** that is available for use by any member of the academic community (faculty, staff, or students) who needs a private space for breastfeeding or pumping breast milk. This facility reflects the university's commitment to supporting women and promoting a family-friendly environment on campus.

Lactation Room on Unit Pelaksana Tugas Laboratorium Penelitian Terpadu USU

The **Lactation Room** at the **Unit Pelaksana Tugas Laboratorium Penelitian Terpadu (Integrated Research Laboratory) USU** is a dedicated facility designed to support breastfeeding mothers within the academic community. This room provides a private, comfortable space for faculty, staff, and students who need to breastfeed or pump breast milk, reflecting USU's commitment to supporting women's health and work-life balance.
