International
Undergraduate Program
(IUP) in Law

The Program

International standard classes, mastery of academic English, and a deep understanding of the global legal system. This program is designed to produce competent, professional law graduates who can compete at the international level.

The International Undergraduate Program (IUP) FH USU students must complete courses with a total of 144 credits. International class students can complete their studies in 7 (seven) semesters.

Program Advantages

- Learning based on international standards
- Strengthening legal English skills
- Opportunity to participate in student exchange programs
- Development of international legal research skills
- Access to global professional and academic networks
- Career preparation as legal practitioners, diplomats, researchers, legal consultants, or international academics.

For More Information :

Curriculum

Global-Oriented Curriculum The curriculum integrates the development of national and international law with a modern learning approach based on case analysis and problem-solving.

English Lectures Students gain academic experience in English to enhance their international legal communication skills.

International Academic Network Supported by collaborations with various foreign universities and partner institutions to broaden horizons and opportunities for academic mobility.

Focus on Global Legal Issues Students study various fields of law such as:

- International Law
- Business Law

Quality Faculty Guided by lecturers with doctoral degrees, professors, and legal practitioners who have national and international experience.

International Exposure

1. Study Abroad

FH USU offers study abroad for students with credit conversion.

2. Student Exchange

FH USU offers various student exchange and international mobility opportunities for a globally oriented curriculum. Programs require strong English proficiency, a GPA of at least 3.0, and active student status.

3. Summer Course

Summer courses are tailored for participants, featuring lectures, tutorials, and field visits fully delivered in English.

4. International Conference

Global academic event where legal scholars, policymakers, and students gather to discuss emerging legal issues. These conferences feature paper presentations, expert discussions, and networking to improve global legal studies.

5. International Seminar

These events bring together international experts, legal scholars, students, and professionals to discuss contemporary global legal issues.

6. Business Excursion

This refers to organized excursions where students visit Business and Industry and professional legal associations.

Partner Universities

Universities that collaborate with FH USU for degree programs or student exchanges include:

- IIUM (International Islamic University Malaysia)
- UUM (Universiti Utara Malaysia)
- UITM (Universitas Teknologi Mara)

For visiting Lecturer, FH USU collaborate with:

- Silla University, Busan, South Korea
- Kyusu University, Japan
- Universiti Malaysia Terengganu
- Jindal University, India
- Monash University, Australia
- University New South Wales, Australia
- Melborn University, Australia
- Sydney University, Australia
